Who We Are

LIYASYNC is a Bangladesh-based leather and jute buying house, dedicated to connecting international buyers with trusted manufacturing partners. We do not source raw leather — we specialize in sourcing finished, ready-to-export leather products and jute products, while ensuring transparent communication, reliable supplier matching, and quality assurance.

Our customs clearance is handled through JP Express, and international shipping is carried out through UPEX courier service, giving buyers a complete, reliable path from factory to final delivery.
